

Addiction Solutions Victoria is a community focused organisation committed to providing accessible and affordable, contemporary addiction treatment and recovery support services.

At ASV, we believe that given the right circumstance, opportunity and support, anyone seeking a solution to substance misuse or dependence can rebuild their life and achieve sustainable recovery.

ASV started from the knowledge that recovery from addiction was possible and a desire to share that hope with anyone seeking it.

A not-for-profit incorporated association, ASV is governed by a Board of committed family members, community members, professionals and people in recovery from addiction who are committed to providing genuine recovery opportunities.

HOME-BASED SUPPORT

Our outreach addiction treatment and recovery support program provides practical and emotional assistance, assessment, referral, family support and linkage with relevant services throughout the person's journey from the initial addiction counselling session through to long-term recovery.

FAMILY SUPPORT

We counsel families about their own welfare and how to maintain their own health and relationships whilst under stress. We offer general information about addiction, phases of recovery, community treatment and services and specific suggestions to support their loved ones.

Addiction Solutions Victoria Inc. Fee Structure

ASV is a community focused organisation committed to providing accessible and affordable, contemporary addiction treatment and recovery support services.

We recognise the great need for families and their loved ones to access affordable and evidenced-based addiction treatment and recovery support in a responsive manner.

In response to the Victorian COVID-19 situation, ASV is an essential service who continues to support people seeking solutions to Drug and Alcohol challenges during these challenging times. No contact rehab and support options are available.
